## INTERIM RCM LEADERS

## Interim RCM Leaders

When you experience a gap in your RCM leadership, Nearterm can quickly bridge that gap by providing one of our highly experienced Interim Leaders.

All Nearterm engagements are backed by our Managing Partners with extensive experience in hospital operations who will assist with problem-solving and planning as needed throughout all engagements.

### DIRECT HIRE SEARCH & CAREERS

Nearterm is an industry search and professional services provider in Revenue Cycle Management. We are so confident about our service, we guarantee it.

Our approach with clients and candidates is a collaborative one where we seek only the best placement outcomes for both. The search process is methodical from first contact to the first day on the job, and beyond with "onboarding" support for continued success.

Since we work on a contingency basis, there is absolutely no risk to our clients to ensure they get the best resource.

### PROJECT STAFFING

Nearterm can quickly deploy a team of RCM professionals and supporting technicians to eliminate processing backlogs or to fill-in while management focuses on episodic initiatives such as computer conversions, system upgrades and other operational issues.

### ASSOCIATIONS

HFMA - Healthcare Financial Management Association  
TAPC - Texas Association of Personnel Consultants  
HAAPC - Houston Area Association of Personnel Consultants  
AHIMA - American Health Information Management Association

### AWARDS

TAPC and HAAPC have recognized Nearterm for outstanding contract/temporary service in the Technical/Professional category
